

## COVID –19 GUIDELINES

**Thermometer checks:** Students will have their temperature checked upon entering the Parish School of Religion. If a child has a fever of 100 degrees or over, they will not be permitted to stay in class. They will remain in the office until the parents are able to pick them up. Please do not send your child to class if they are not feeling well. You may do the digital lesson that week.

**Hand Sanitizer/Hand washing:** There will be hand sanitizer in every classroom. Students are to be sure to wash hands after use of restroom facilities.

**Restroom safety:** Only 2 students at a time will be permitted in the restrooms. Students will be reminded to wash their hands before leaving the restroom.

**Masks:** All students and teachers must wear a mask in the building until further notice. Face coverings may be solid or patterned, but may not have any political, controversial or inappropriate graphics or messages on them.

**Snacks/treats:** At this time, we are asking that you do not send in any treats for birthdays or holiday celebrations. We cannot accept any edible or nonedible treats.

**School supplies:** Every student will have their own zip lock bag to contain their pencils, pens, glue sticks, crayons/markers, etc. to minimize sharing of supplies.

**Arrival and Dismissal:** To avoid any extra congestion in the hallways, we ask parents to please use the suggested doors to drop off your child where there will be an aide to take their temperature and walk the children to class. If you have multiple ages, they should enter and depart with the oldest sibling.

**Kindergarten & Grade 1:** Front double doors closest to the flagpole

**Grade 2:** Back double doors closest to the creek

**Grade 3:** Back double doors closest to the garages

**Grade 4:** Back double doors closest to the garages

**Grade 5:** Front double doors closest to flagpole

**Grade 6 & 7:** Back double doors closest to the creek

**Grade 8:** Back double doors closest to the garages

**Reminder:** Please remember to keep your child at home if his/her temperature is over 100 or if they show any symptoms such as chills, cough, shortness of breath, fatigue, headache, muscle aches, loss of taste/smell, sore throat, congestion, nausea/vomiting, or diarrhea. Also, keep your child in quarantine if he/she has been exposed to someone with COVID-19 or someone who is awaiting results of a COVID-19 test.
